PROFILE

A recent high school graduate, with a passion for software development. Alongside the above-average academic background, I have actively participated in various extracurricular activities in the fields related to science, sports, and art. My time has also been dedicated to acquiring training in front-end website development. All the past experience has heightened my interest in the field of Computer Science.

CORE SKILLS

- ▶ Web Designing
- ▶ Microsoft Office
- ▶ Graphic Designing
- ▶ Effective Communication
- ▶ Web Development
- ▶ Video Editing
- ▶ Collaborative
